Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Wednesday 06 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cold with occasional showers. Widespread frost overnight.

Today:
A mostly cloudy day with showers continuing to spread in from the North Sea, these occasionally wintry over the Derbyshire hills. Fewer showers in western parts. Remaining cold despite some lighter winds. Maximum temperature 4 deg C (39 deg F).

Tonight:
Any remaining showers will become confined to coastal areas, the region becoming largely dry. Staying mostly cloudy but some clear spells likely in the west. Cold with a widespread frost. Minimum temperature -2 deg C (28 deg F).

Thursday:
Dry with skies clearing, allowing plenty of morning sunshine. Cloudier in the afternoon,  with a fragmented band of rain, sleet and snow moving south, turning icy in places. Cold. Maximum temperature 3 deg C (37 deg F).

Outlook for Friday to Sunday:
Bitterly cold with sunny spells and coastal wintry showers on Friday. Widespread morning frost on Saturday, dry, largely sunny otherwise. Less cold on Sunday, dry with variable amounts of cloud.
